Title: Global McKay correspondence
in two dimension

Abstract:

We will present diverse phenomena governed by the so-called ADE Dynkin diagrams.

We will see that our McKay correspondence will be one of them.

I will also talk about a recent progress on the same topic based on a joint work with Akira Ishii.

Date: June 8th (Mon.), 2015

Time: 14:00-15:00

Venue: Room 202, 2/F, Astro-Math. Building

Refreshment: 13:30-14:00

Organizers: Chin-Yu Hsiao, Mao-Pei Tsui, Fu-Tsun Wei, Jeng-Daw Yu
